

Eco Club

Aims:

- To teach students and staff about protecting the environment.
- To make the college campus green, clean, and eco-friendly.
- To spread awareness about saving nature in the college and nearby areas.
- To build a college community that cares for the planet.

Functions:

1. The Club plans activities like tree planting, clean-up drives, or recycling campaigns to keep the campus eco-friendly.
2. It holds workshops, talks, or poster contests to share ideas on saving water, energy, or reducing waste.
3. The Club looks after plants, gardens, or green spaces and suggests ways to save resources like electricity.
4. It teams up with local groups, NGOs, or colleges for bigger environmental projects or events.
5. The Club saves details of its activities and shares success stories for NAAC reports or college news.
